EDUCATION

Vellore Institute of Technology, Bhopal

Master of Computer Applications, CGPA: 8.33

Bhopal, Madhya Pradesh

July 2024 – Ongoing

PROJECTS

MindSync | *Kotlin, Jetpack Compose, Android Studio, Git*

December 2025 – Present (Ongoing)

- Built an Android journal to address universal wellness needs through AI reflection.
- Integrated Gemini API for journal sentiment analysis and personalized, context-aware coping suggestions.
- Secured user data using Room Database for local, encrypted storage of personal reflections.

StudyTimer | *Java, XML, Android Studio, Git*

April 2025 – June 2025

- Built a native Android productivity app using Java and XML.
- Implemented SQLite database for efficient local storage of study session logs.
- Optimized background processes to accurately track time using the Pomodoro technique.

NaVIT (Navigation for VIT) | *Flutter, Dart, Android Studio, Git*

November 2024 – January 2025

- Helped engineer an Android application for indoor and outdoor navigation at VIT Bhopal.
- Built using the Flutter framework and Dart, leveraging Android Studio for development.
- Integrated Google Maps API for real-time tracking and location services.
